

Mirela's Story

Mirela Bruk, Broadcasting Board of Governors

My cause is education. Education liberates the mind and opens the door for greater contribution to community, self-dependence and helps turn dreams into reality. Education provides the opportunity for everyone to enjoy a healthier and happier life. I came to the United States with a BA in journalism and never dreamed that I could work in my native language. My degree helped me get a job at the Voice of America, and helped me advance in my career path to the International Broadcasting Bureau. I believe in offering opportunity for anyone who wants to learn and contribute to society. It is essential to support organizations helping children and adults in need, who due to financial or any other obstacles, do not have opportunity to learn and educate themselves. The CFC gives hope and strength, and it reminds us that compassion lifts spirits of those less fortunate.

“My cause is education. Education liberates the mind and opens the door for greater contribution to community and self-dependence. It is essential to support organizations helping children and adults educate themselves.”
